

Consent of Animal in Facility

Dear Parents,

As you are aware, our mascot, Oski, is going to be in the facility at all times. He may come in contact with your child on several occasions. For running the program smoothly, and letting you be aware of everything, I would require this consent form to be signed and returned prior to your child starting the program here.

My child, _____, has permission to be in the presence of Oski, our family pet.

Parent Signature: _____
